ACTION FOR SOCIAL JUSTICE IN OUR COMMUNITY

People's Church is reviewing our social justice and social action commitments to make sure we are addressing our highest priorities and issues we can be most effective on. Your input will help ensure that our decisions take as many perspectives as possible into account.

If you were unable to attend the All Church Social Justice Issues Retreat on Saturday, Nov.5, we especially value hearing from you this way. Please answer the following questions as thoughtfully, and as concisely as you can. Return the sheet to the church office.

Thanks!

1. What is something important from your personal story that helps explain your commitment to action for social justice?

2. What current justice issues or problems in our community are most important to you, that you'd like to see us work on together as members of the congregation, and/or as part of a community coalition (such as ISAAC)?

3. In considering justice issues related to discrimination, how would you describe your personal comfort level in addressing racism? How about justice for sexual minorities? What do you think you need to move further in your own capacity?
